

AUSPIFY

Bring Future Through Tech

FRONTEND DEVELOPER TASK LIST

Internship Program

4-Week Practical Learning Program

ABOUT US

Auspify Technologies is a technology and training platform dedicated to helping students build industry-ready skills through internships and project-based learning.

We bridge the gap between academics and industry by providing practical experience, real-world projects, and hands-on training.

Our focus is on empowering learners with the knowledge, confidence, and professional skills needed to succeed in their careers.

Learn • Build • Grow

INTERNSHIP OVERVIEW

A 4-week remote internship program designed to provide practical learning, real-world project exposure, and industry-relevant skill development.

Features :

- Flexible Learning Schedule
- Hands-On Tasks & Projects
- Beginner-Friendly Structure
- Portfolio Building Support
- Industry-Oriented Experience

Open To: Students, Freshers, Self-Learners & Aspiring Developers

PROFESSIONAL GUIDELINES & SHOWCASE

Professional Guidelines :

- Complete assigned tasks responsibly and within deadlines.
- Ensure all submissions are original and plagiarism-free.
- Maintain organized folders for each task and project.
- Follow professional standards in communication and project delivery.

Professional Showcase :

Interns are encouraged to share their internship journey and projects to build a strong professional presence.

Benefits :

- Strengthen Your Portfolio
- Increase Professional Visibility
- Demonstrate Practical Skills
- Expand Networking Opportunities

Share : Project Screenshots, Demos, Milestones, Learning Achievements, and Project Walkthroughs.

FRONTEND DEVELOPER

Task List

Welcome to our Frontend Developer Internship Program!

Throughout this internship, you will work on 6 practical Front-End Development tasks designed to enhance your web development, UI design, responsive design, and coding skills using modern front-end technologies. To complete the internship, you need to **finish any 4 out of the 6 tasks** based on your interests and learning goals.

Task 1 (Easy) – Responsive Landing Page

Description : Design and develop a responsive landing page for a product, service, or company website.

Task Workflow

- Step 1: Create the page structure using HTML.
- Step 2: Style the layout using CSS.
- Step 3: Implement responsive design techniques.
- Step 4: Add navigation and call-to-action sections.
- Step 5: Optimize for mobile and desktop devices.

Skills You Will Learn

- HTML5
- CSS3
- Responsive Design
- UI Development

Key Features

- Responsive Layout
- Navigation Bar
- Hero Section
- Mobile-Friendly Design

Task 2 (Easy) – Interactive Portfolio Website

Description : Build a personal portfolio website showcasing projects, skills, and achievements.

Task Workflow

Step 1: Design multiple website sections.

Step 2: Implement smooth navigation.

Step 3: Add animations and hover effects.

Step 4: Create a contact form.

Step 5: Optimize user experience.

Skills You Will Learn

- **CSS Animations**
- **Flexbox**
- **Grid Layout**
- **User Interface Design**

Key Features

- **Portfolio Showcase**
- **About Section**
- **Contact Form**
- **Interactive UI**

Task 3 (Medium) – Dynamic To-Do Application

Description : Develop a task management application with interactive functionality using JavaScript.

Task Workflow

Step 1: Design the application interface.

Step 2: Implement task creation and deletion.

Step 3: Add task completion tracking.

Step 4: Store data using Local Storage.

Step 5: Test application functionality.

Skills You Will Learn

- JavaScript
- DOM Manipulation
- Event Handling
- Local Storage

Key Features

- Add Tasks
- Delete Tasks
- Task Status Tracking
- Local Storage

Task 4 (Medium) – Weather Dashboard Using API

Description : Build a weather dashboard that fetches and displays real-time weather information.

Task Workflow

Step 1: Design the dashboard interface.

Step 2: Connect to a weather API.

Step 3: Fetch weather data using JavaScript.

Step 4: Display weather details dynamically.

Step 5: Handle API errors and validations.

Skills You Will Learn

- REST APIs
- Fetch API
- JSON Handling
- Asynchronous JavaScript

Key Features

- API Integration
- Real-Time Data
- Search Functionality
- Dynamic UI Updates

Task 5 (Advanced) – E-Commerce Product Interface

Description : Create a modern e-commerce frontend with product listings and filtering functionality.

Task Workflow

- Step 1: Build product listing pages.
- Step 2: Design product cards and layouts.
- Step 3: Implement product filtering and search.
- Step 4: Create a shopping cart interface.
- Step 5: Optimize user experience and responsiveness.

Skills You Will Learn

- **Advanced JavaScript**
- **Component-Based Design**
- **UI/UX Principles**
- **Frontend Architecture**

Key Features

- **Product Catalog**
- **Search & Filters**
- **Shopping Cart UI**
- **Responsive Design**

Task 6 (Advanced) – Modern Web Application Dashboard

Description : Develop a professional dashboard application using modern frontend development practices.

Task Workflow

Step 1: Design a dashboard layout.

Step 2: Create reusable UI components.

Step 3: Integrate dynamic data sources.

Step 4: Implement charts and analytics widgets.

Step 5: Deploy and present the final application.

Skills You Will Learn

- **React.js Fundamentals**
- **Component Development**
- **State Management**
- **Frontend Project Structure**

Key Features

- **Dashboard Interface**
- **Reusable Components**
- **Data Visualization**
- **Professional UI Design**

INTERNSHIP OVERVIEW

Project Submission Process:

Interns are required to submit the following:

- Project Source Code
- Screenshots of Completed Tasks
- GitHub Repository Link (if available)
- Project Demonstration Video (optional)

A submission form or portal will be shared separately for final evaluation and project verification.

EVALUATION CRITERIA

Project Evaluation Parameters:

Projects may be evaluated based on:

- Task Completion
- Code Quality
- Website Responsiveness
- User Interface Design
- Creativity & Implementation
- Professional Presentation
- Project Functionality

CERTIFICATION

Internship Completion Recognition

- Internship Completion Certificate
- Project Completion Recognition
- Internship Experience Acknowledgment

Certification eligibility depends on:

- Successful task completion
- Proper project submission
- Basic project verification
